For the 2026 New Year Goreikai (*formerly called Reijukai*)

Over a century has passed since the founding of Usui Reiki Ryoho, and we now stand at the threshold of a new era.

As the world shifts from an age of materialism to one of inner awareness and spiritual growth, Reiki continues to spread across the globe—not only as a method of physical healing, but as a path to soul awakening and a richer, more meaningful life.

Since 2005, Gendai Reiki has hosted an annual “New Year Reiju Gathering,” where masters from various regions come together. In recent years, participation from overseas has steadily grown, and the event has naturally taken on an international character beyond what we first imagined.

In response to this beautiful evolution, starting with the 21st event in 2026, we will renew the event under its original name from Usui Sensei’s time: the “**New Year Goreikai**.”

We hope this will be a warm and harmonious celebration—where Gendai Reiki practitioners from around the world return to Reiki’s roots, and deepen mutual understanding and connection across cultures and borders.

We warmly welcome your participation and look forward to seeing many of you there.

Gendai Reiki Healing Association

Note: “Gorei” refers to the respectful exchange of greetings. The New Year Goreikai is a Japanese traditional gathering where people come together at the start of the year to share New Year’s greetings and strengthen their ties with one another.
